

Marine Corps Deployment News and Information

Airport Gate Passes for Military Passenger Family Members:

Please visit the Transportation Security Administration's (TSA) website for the most current information regarding airport passes.

Marine Corps Deployment News and Information: Many Marine Corps units have a unit toll free number for family members to call and get information regarding their Marine. This hotline is intended primarily for concerned family members who are seeking accurate information, useful resources, and helpful referrals related to Marine Corps deployments. The general public is encouraged to go to the Marine Corps homepage at www.usmc.mil for general Marine Corps information. The unit toll free number does not provide information on current operations or information on Marine Corps casualties. If a Marine becomes a casualty, there is an established process by the Marine Corps on the notification process. The Marine Corps will personally notify all next of kin ASAP.

Toll free phone numbers:
